KICKSTART 2027

WISCONSIN'S ENTREPRENEUR CONFERENCE

SATURDAY
MAY 22

VENUE	CITY	ATTENDANCE	RUN TIME	TICKET
Announcing soon	Wausau, WI	150 target	13 hours	$399

WHAT IT IS

A thirteen-hour working conference for the people who run Wisconsin's businesses — keynotes, hands-on workshops to choose from, panel discussions, all-day coffee, and a closing networking hour. Every session ends with something each attendee can put to work in their business the same week.

WHY WE'RE BRINGING ON SPONSORS

- **To build it right the first time.** Ticket revenue funds a decent event; sponsorship funds one people come back to.
- **The sponsors belong in the room.** Banks, insurance, CPAs, law, real estate, IT, staffing — the firms that serve owners are who attendees need.
- **Every session is recorded** and released on a rolling schedule — so sponsor recognition keeps earning views long after May 22.

WHAT'S IN THIS DECK

2	KEYNOTES	The main-stage headliners and why they draw a room.
3	INSTRUCTORS	The workshop instructors, plus the live roster QR.
4	THE DAY	Full schedule, block by block — and what gets recorded.
5	THE AUDIENCE	Who attends, what they run, where they come from.
6	MARKETING PLAN	Paid video across eleven Wisconsin markets, speaker content, podcasts.
7	SPONSORSHIP TIERS	Four tiers with price, availability, and the ticket value in each.
8	SPECIALTY	Hour of Power, lanyards, coffee, and Wi-Fi.

TICKET PRICING

TICKET	PRICE
Early bird (through April 1)	**$149**
General admission	**$399**
VIP Admission (10 seats)	**$2,000**

Sponsor ticket allotments on page 7 are valued at the $399 general admission rate.

Year one, stated plainly. This is the first KickStart, so there's no attendance history to show — but the program is built, the headliners are confirmed, the campaign is budgeted, and the venue announcement is coming. Year-one sponsors get founding recognition and a verified post-event report: real numbers, not estimates.

THE KEYNOTES

MAIN-STAGE HEADLINERS

WHAT THE HEADLINERS DO FOR A SPONSOR

- **They are the reason the room fills.** A 4-million-subscriber creator is why an owner gives up a Saturday and drives two hours to Wausau.
- **Every keynote is filmed** and released on a rolling schedule, so sponsor recognition rides on the sessions people came for — well into 2028.

WHY THE LINEUP MATTERS TO A SPONSOR

- **These are draws, not filler** — a 4M-subscriber creator, a former Iran hostage turned wealth advisor, and a room of proven Wisconsin operators are why someone drives two hours to Wausau on a Saturday.
- **Every speaker and instructor is filmed**, and sponsors who commit early are named in every rolling speaker reveal — the most-shared content we produce between now and May.

HOW WE FILL THE ROOM

THE MARKETING PLAN

AD MARKETS
11

KickLick is a marketing agency — running the campaign is the part we already know how to do. Every tier is woven into it, so your visibility starts the day you commit.

CHANNEL PLAN

1. Paid video. YouTube pre-roll and in-feed plus Facebook and Instagram video, geo-targeted across all eleven markets and narrowed to business owners and decision-makers — not broad geography.

2. Organic speaker content. Short-form video filmed with speakers ahead of the event, built to be shared on its own merits. Rolling announcements give the campaign a reason to post every week until May.

3. Podcast advertising. Video and audio placements inside entrepreneurship podcasts, including *Real Common Sense with Tony Jordan Ruffi* — the highest-intent inventory available to us.

WHERE SPONSORS APPEAR

- Event website with logo and link, from day one of commitment
- Rolling speaker announcements across all channels
- Video creative and end cards — Presenting and Platinum
- Email sequence to KickLick's regional list and all registrants
- On-site: stage backdrop, program, signage, expo, stage mentions
- **Recorded session releases** that keep running well past May 22

THE LONG TAIL

Every keynote, workshop and panel is filmed. Sessions release on a rolling schedule after the event, so recognition attached to that footage earns views into 2028 — and becomes the engine for year two.

You get the introduction, the branding, and the association with a session people chose to attend.
